

# Evergreen Innovation Camp - Hackathon

*Hackathons are a tool to stimulate cross-sectoral innovations of start-ups and students*

A hackathon is a unique opportunity to get together with different people and work on exciting ideas together. Supported by mentors and experts, a prototype, code, concept or a business model for an innovative solution is developed within a very short time (e.g.: 24h) in a team. It is not uncommon for hackathon teams to stay on site overnight, working through the night and only sleeping a few hours here and there. This is part of the concept and so there are often rest rooms with sleeping facilities at the hackathon. At the end of the event, each team gets the chance to pitch their idea to a jury, which then selects the winning team.

## MORE DETAILS

---

### CHALLENGE ADDRESSED

5.- Enhance economic and environmental performance of forest supply chains

### KEYWORDS

hackathon; open innovation

### COUNTRY OF ORIGIN

Austria

### DOMAIN

Financing, funding schemes  
Innovation management, hubs, clusters

### DIGITAL SOLUTION

Yes

### SCALE OF APPLICATION

National

### TYPE OF SOLUTION

Grant schemes

### INNOVATION

Yes

### START AND END YEAR

2019 -

## CONTACT DATA
