Wood is first is a promotion campaign initiated by Croatian Chamber of Commerce, implemented with Ministry of Agriculture, Directorate for forestry, hunting and wood processing industry and Croatian Forests Ltd. Campaign was initiated in 2007 with the aim to raise awareness about wood as renewable material, promote and increase use of wood and increase competitiveness of wood processing industry in Croatia. Activities included promotion on fairs and calls for designers and architects to submit their design of wood products (furniture and other equipment).

Campaign had good results and attitude towards wood in everyday use is positively changed through press conferences, database of wood products producers (furniture, woody biomass, wood for construction, other) establishment, catalogue of wood processing companies and their products, info booklet about socially responsible public procurement (emphasis is on using wood products, green public procurement, certification of wood products), info booklet about public procurement of wood products, info booklet about wood pellets
