

"Call for projects of the Empleaverde Programme. (ESF) -2019 "

Soumis par editor le ven, 20/09/2019 - 10:53

On a competitive basis, projects that implement actions aimed at promoting the creation and improvement of employment and companies in economic activities linked to the environment and that have among their objectives: Create green and blue jobs. Improve the skills and qualifications of workers in sustainability. Promote social innovation with a positive environmental impact. Promote the creation and growth of green and blue companies. Connecting European ecosystems to support entrepreneurship and green and blue jobs will support projects that encourage the creation of jobs and businesses and the promotion of entrepreneurship, social innovation and the exchange of experiences within the framework of a green and blue economy. This Program seeks to promote the sustainability of economic activities in all sectors, promoting a just transition to a low-carbon and circular economy, integrating biodiversity in management and business processes and making more efficient use of natural resources, constituting an engine of sustainable economic growth and social progress.
